Dear Mr. Morrow:

I am pleased to inform you that your laboratory has been recognized by the Chinese Taipei's Bureau of Standards, Metrology, and Inspection (BSMI) under the Asia Pacific Economic Cooperation (APEC) Mutual Recognition Arrangement (MRA). Your laboratory is now designated to act as a Conformity Assessment Body (CAB) under Appendix B, Phase I Procedures, of the APEC MRA between the American Institute in Taiwan (AIT) and the Taipei Economic and Cultural Representative Office (TECRO) in the United States. This MRA covers equipment subject to Electro-Magnetic Compatibility (EMC) requirements. The names of all recognized laboratories will be posted on the NIST website at <http://ts.nist.gov/mra>.

You may submit test data to BSMI to verify that the equipment to be imported into Chinese Taipei satisfies the applicable EMC requirements using the following guidelines:

- Your assigned BSMI number is SL2-IN-E-1125R. You must use this number when sending test reports to BSMI.
- BSMI requires that the entity making application for the approval of regulated equipment must make such application in person at their Taipei office.
- BSMI requires that every test report must accompany a cover sheet that can be accessed at our above noted website.
- Your designation will remain in force as long as your accreditation remains valid for the CNS 13438.
- BSMI requested the name of an authorized signatory who is authorized to sign the test reports. According to our records, Mr. Ron Leczynski is the authorized signatory for your organization. If this information is incorrect, please provide the correct information immediately to Jogindar (Joe) Dhillon via e-mail at [dhillon@nist.gov](mailto:dhillon@nist.gov).

If you have any questions, please contact Mr. Dhillon at 301-975-5521. We appreciate your continued interest in our international conformity assessment activities.

Sincerely,

David F. Alderman  
Standards Coordination and Conformity Group Leader
